

SOS APPEAL

MOBILE PHONE APPEAL

Help us raise €750,000

WHAT TO DO

Recycle your old mobile phone using this envelope and everybody wins. Here's why.

- You're helping sick babies with severe neurological impairment (SDD is the medical term).
- There are several hundred all over Ireland, so you're helping families and babies in your area and community.
- You're providing recycled phones for millions in third world countries.
- You're preventing pollution by keeping millions of phones out of landfills.

HOW TO DO IT

1. Remove your SIM card
2. Put your old phone in this envelope and seal it
3. Post it to us. It's free!

Your mobile phone may be worth nothing to you, but for every 20,000 phones we get, we can provide a nurse for a sick child for one year.

Remember, it's worth something to us, whatever the condition.

Thank You!
